§ 400.1 Availability of the late planting option.

The Late Planting Option shall be offered under the provisions contained in 7 CFR part 402, *et seq.*, within limits prescribed by and in accordance with the provisions of the Federal Crop Insurance Act, as amended (7 U.S.C. 1501 *et seq.*), only on those crops identified in § 400.4 of this subpart. All provisions of the applicable contract for the insured crop apply, except those provisions which are in conflict with this subpart.

§ 400.2 Definitions.

For the purposes of the Late Planting Option:

(a) *Final planting date* means the final planting date for the insured crop contained in the actuarial table on file in the service office.

(b) *Late Planting Agreement* means that agreement executed by the final planting date, between the FCIC and the insured whereby the insured elects, and FCIC provides, insurance on acreage planted for up to 20 days after the applicable final planting date. The production guarantee applicable on the final planting date will be reduced on the acreage planted after the final planting date by 10 percent for each 5 days that the acreage is planted after the final planting date.

(c) *Production guarantee* means the guaranteed level of production under the provisions of the applicable contract for crop insurance (sometimes expressed in amounts of insurance).

§ 400.3 Responsibilities of the insured.

The insured is solely responsible for the completion of the Late Planting Agreement and for the accuracy of the data provided on that Agreement. The provisions of this subsection shall not relieve the insured of any responsibilities under the provisions of the insurance contract.

§ 400.4 Applicability to crops insured.

The provisions of this subpart shall be applicable to the provisions of FCIC policies issued under the following regulations for insuring crops:

Agreement are as follows:

FEDERAL CROP INSURANCE CORPORATION

Late Planting Agreement

Insured's Name _____
Contract No. _____
Address _____
Crop Year _____

Crop _____

Notwithstanding the provisions of section 2
of the policy regarding the insurability of
crop acreage initially planted after the final
planting date on file in the service office, I
elect to have insurance provided on acreage
planted for 20 days after such date. Upon my
making this election, the production guar-
antee or amount of insurance, whichever is
applicable, will be reduced 10 percent for
each five days or portion thereof that the
acreage is planted after the final planting
date. Each 10 percent reduction will be ap-
plied to the production guarantee or amount
of insurance applicable on the final planting
date.

The premium will be computed based on
the guarantee or amount of insurance appli-
cable on the final planting date; therefore,
no reduction in premium will occur as a re-
sult of my election to exercise this option.

If planting continues under this Agreement
after the acreage reporting date on file in
the service office, the acreage reporting date
will be extended to 5 days after the comple-
tion of planting the acreage to which insur-
ance will attach under this Agreement.

§ 400.15 Availability of Individual Yield Coverage Plan.

Individual Yield Coverage Plan
(IYCP) shall be offered under the provi-
sions contained in the following regula-
tions:

CFR part 418Wheat Crop Insurance

Federal Crop Insurance Corporation, USDA

§ 400.17

CFR part 419Barley Crop Insurance
CFR part 423Flax Crop Insurance
CFR part 427Oat Crop Insurance
CFR part 428Sunflower Crop Insurance
CFR part 429Rye Crop Insurance
CFR part 431Soybean Crop Insurance
CFR part 433Dry Bean Crop Insurance

Within limits prescribed by and in accordance with the provisions of the Federal Crop Insurance Act, as amended (7 U.S.C. 1501 *et seq.*), only on those crops identified in this section and in those areas where the actuarial table provides that IYCP is available. (IYCP is available only on those crops and in those areas where the Corporation's Actual Production History Program has not been implemented. The Actual Production History form will be used for both programs). All provisions of the applicable standard insurance contract for the crop apply, except those provisions which are in conflict with this subpart. Cropland acreage, which is defined as "new ground acreage" by the actuarial table or by the policy, will not be eligible for IYCP. Crops covered under the provisions of the Combined Crop Insurance policy will not be eligible for IYCP.

§ 400.16 Definitions.

In addition to the definitions contained in the crop insurance contract, the following definitions, for the purposes of Individual Yield Coverage Plan, are applicable:

(a) *Appraised Production* means production that was unharvested but reflected yield potential for the crop at the time of the appraisal. Appraisals will be determined by ASCS or FCIC.

(b) *Area Average Yield* is the average yield determined by FCIC upon which the guarantee is based for the insured crop, area, type, and practice and is the average for the area over the base period. It is contained in the actuarial table.

(c) *Area Coverage Plan* is the coverage and rate assigned by the FCIC Actuarial Division for an homogeneous group of areas and producers.

(d) *Average Yield* is the average of the recorded and/or indexed yields for the 10-year base period, dropping the highest and lowest yield in the 10-year period, including a combination of a min-

imum of the three most recent year's recorded yields.

(e) *Base Period* means the 10-year period immediately preceding the crop year for which the yield is to be established.

(f) *Established Farm Yield* is the yield as shown on the Official Farm Record card (ASCS-156) on file in the county ASCS office.

(g) *FCIC Adjusted Yield* is production information derived by the Statistical Reporting Service on a county, crop, and practice basis modified by FCIC for factors necessary to conform to sound actuarial practices.

(h) *Individual Yield Certification* is the appraised result of the examination of the insured's records of planted acreage and production certified by the county Agricultural Stabilization and Conservation Service (ASCS) office.

(i) *Indexed Yield* means yield established for a year in which recorded (actual) yields are not available. It is determined by multiplying the FCIC adjusted yield, for each crop year (for which records of acreage and production are not available), by the producer's yield index.

(j) *IYCP* is the Individual Yield Coverage Plan.

(k) *ICYP* is the Individual Certified Yield Plan within IYCP. (7 CFR 400.20).

(l) *Recorded Yield* is the yield that is based on the producer's records of planted acreage and production certified by ASCS.

(m) *Yield Index* is the result obtained by dividing the total of the producer's recorded yields for the years FCIC adjusted yields are available by the total FCIC adjusted yields for those same years.

§ 400.17 Yield certification and acceptability.

The insured shall request Form FCIC 19A (APH) (Actual Production History) and shall provide records of acreage and production to ASCS county office. The request and records must be submitted at least 15 days prior to the acreage reporting date for the crop in the county. The ASCS county office will examine the insured's records and, if acceptable, record the actual yield obtained from the records, determine the relationship of such yields to the

§ 400.18

FCIC adjusted yield for the same years, and apply the yield index to the area average yield for those years for which the producer does not have acceptable records.

§ 400.18 Responsibilities.

(a) The insured is solely responsible for the timely submission of Form FCIC 19A (APH) to the service office after its completion by the ASCS office.

(b) The service office is responsible for the explanation of the Individual Yield Coverage Plan (IYCP) to the insured, and upon receipt of Form FCIC 19A (APH) is responsible for determining that the form is completed correctly.

§ 400.19 Qualifications for Individual Yield Coverage Plan.

The Insured may elect to substitute the IYCP Yield for the Area Average Yield.

(a) For the producer to qualify for IYCP for any crop year, the completed Form FCIC 19A (APH) must be received in the crop insurance service office not later than the acreage reporting date for the crop and the year.

(b) For a crop to qualify for IYCP, a minimum of 3 years of records of planted acreage and production, under the control of either the landlord or tenant, must be provided to ASCS for all units and be certified by ASCS. Records for up to 10 continuous years shall be used where such records are available and the same farming practices are followed for that period of time. There can be no break in continuity from the most recent crop year through preceding crop years. A year in which no acreage was planted to the crop on the unit or in which a different practice was followed will not be considered a break in continuity.

(c) Either the landlord's or tenant operator's records may qualify either party for the same IYCP guarantee. If a conflict exists between the records of the landlord and the tenant operator, the Corporation will determine which records will be used.

(d) If an insured wishes to obtain an IYCP yield on land newly added to production for the insured, the insured must comply with the provisions of

7 CFR Ch. IV (1-1-01 Edition)

this paragraph. If the IYCP yield being requested is for an ASCS program crop and if the added land has an ASCS established yield for that crop of 90 percent or more of the ASCS established yield of the unit to which the land is to be added or of the nearest unit then: When land without satisfactory records is added to a unit satisfactory records, the IYCP average yield will be that of the unit to which the land was added; and when land without satisfactory records is added as a separate unit, the IYCP average yield will be that of the closest unit of the same crop and practice. When the ASCS established farm yields for the added land are less than 90 percent of the program yields for the existing units, the IYCP yields will be the area average yield.

(e) When the yield being requested on land being added is for a crop for which the added land does not have an ASCS established farm yield, the ASCS established farm yield for the crop with the largest ASCS base acreage on the added land will be compared to the program yield for the crop on the existing units to determine if the 90-percent ratio is achieved. If the land is being added to a unit and there is no ASCS established farm yield on either the added land or the units or both to compare, the IYCP yield will be the area average yield. If the land is being added as a separate unit, and the nearest unit has no ASCS established farm yield to compare to the added unit, the next nearest unit will be used. If no comparable yields are available on any unit, the yield of the added unit will be the area average yield.

(f) If a producer disposes of his entire operation and begins operation on completely different units, the new units will be compared to the old units in accordance with paragraphs (d) and (e) of this section, for adding new units.

(g) When land is being added but less than 3 continuous years of acceptable records are available, the acceptable production and acreage records will be used for the years they are available and paragraphs (d) and (e) of this section will be used for the years when adequate records are not available.

(h) When participation in IYCP is continuous, ASCS certification under this part for up to 10 years, dropping

the highest and lowest yield in the 10-year period, will be used in calculating the IYCP average yield. When an insured has previously participated in IYCP, he must have at least the most recent three years records of production acceptable to ASCS. These records and all records previously certified by ASCS up to 10 years, will be used to ascertain the new yield.

(i) The premium shall be contained in the actuarial table and will be the same as applicable under the Area Coverage Plan.

§ 400.20 Modifications through individual certification of yield (Individual Certified Yield Plan—IYCP).

(a) In addition to the provisions contained in §§ 400.15 through 400.19 of this part, producers who customarily feed crop production to livestock or poultry, and who are unable to provide adequate records sufficient to become eligible for the IYCP Plan, will be considered for eligibility for the Individual Certified Yield Plan (ICYP) in certain counties as announced by the Manager, FCIC.

(b) To qualify for this plan, producers must agree to the conditions contained herein and provide information to the county ASCS office including but not limited to, the following:

(1) Satisfactory acreage and yield records for at least the most recent crop year.

(2) Acreage and yield records for the prior crop years even though such records may be incomplete.

(3) Feeding records, fertilization and liming records, soil conservation methods used, land tillage practices, insecticide and herbicide records, planting pattern and population data, and equipment adequacy information as available.

(4) Certification of acreage and yield data for the previous 2nd and 3rd years when written records are unavailable.

(5) Agreement to disregard to the extent required by FCIC any unit division guideline provisions of the crop insurance policy.

(6) Records of acreage and yield for each future year that the insurance is in force. (Failure to provide such records in accordance with the provisions of §§ 400.17 and 400.19 will result in

insurance being based on the area coverage plan.)

(7) Agreement to convert to the IYCP for determining yields as soon as 3 consecutive years acreage and yield records are available.

(8) Producer certified yields will be reviewed by FCIC and may be adjusted by the Corporation prior to the final yield determination by ASCS.

(9) The producer may request FCIC to assist in establishing satisfactory acreage and yield information through field appraisals of potential production, bin measurements, etc. FCIC will determine if any evidence offered by the producer is relevant to the determination of yield on the unit.

(10) The producer must request the certified yield plan in accordance with the provisions of §§ 400.17 and 400.19 from the county ASCS office.

(11) The premium per acre shall be the production guarantee per acre under this plan times the applicable price election, times the applicable premium rate for the crop insured, times any applicable premium adjustment factor.

§ 400.27 Applicability.

Notwithstanding any provisions of the crop insurance policy to the contrary, the mutual consent provision contained herein shall be applicable to all new crop insurance policies issued by the Federal Crop Insurance Corporation (7 CFR part 401 *et seq.*), or by a company reinsured by the Federal Crop Insurance Corporation, effective for the applicable crop year only if those policies meet the requirements of § 400.28 of this subpart and if the crop insured is the same as the crop for which a disaster payment application

(CCC 441) was filed for the previous crop year.

[58 FR 67304, Dec. 21, 1993]

§ 400.28 Mutual consent criteria.

(a) An insured may request policy cancellation for the crop year for which the insured filed a CCC 441 for the applicable crop year if written documentation is provided, signed by an authorized Agricultural Stabilization and Conservation Service official, certifying the cancellation is based on one of the following conditions:

(1) Insurance was not a condition of eligibility for disaster payment, based on one or more of the statutory criteria; or

(2) the producer withdrew his application for disaster payments with prejudice or it was rejected by Commodity Credit Corporation;

(b) Cancellation requests must be received in writing no later than three weeks after the date:

(1) The disaster payment check is issued; or

(2) The producer is notified that an application for disaster payment has been rejected; or

(3) The producer withdraws from the disaster payment program.

(c) Carryover policies are not available for mutual consent cancellation. Crop insurance applications dated before the disaster cancellation date (available in the insureds' service office) are not eligible for mutual consent cancellations.

The authority for requesting the information to be supplied on this form is the Federal Crop Insurance Act, as amended (7 U.S.C. 1501 *et seq.*), and the regulations promulgated thereunder (7 CFR part 400 *et seq.*). The information requested is necessary for FCIC to consider and process the application for insurance; to assist in determining the correct premium and indemnity; and to determine the correct parties to the insurance contract. The information may be furnished to FCIC contract agencies and contract loss adjusters, reinsured companies, other U.S. Department of Agriculture Agencies, the Internal Revenue Service, the Department of Justice or other State and Federal law enforcement agencies, and in response to orders of a court, magistrate, or administrative tribunal. Furnishing the social security number is voluntary and no adverse action will result from failure to do so. Furnishing the information other than the social security number, is also voluntary; however, failure to furnish the correct, complete information requested may result in rejection of the application and/or subsequent denial of any claim for indemnity which may be failed. The failure to supply correct, complete information may also invalidate the automatic acceptance provisions of Section B hereof and may substantially delay acceptance of the application and processing of any claim for indemnity.

Subpart E [Reserved]

Subpart F—Food Security Act of 1985, Implementation; Denial of Benefits

AUTHORITY: Secs. 1506, 1516, Pub. L. 75-430, 52 Stat. 73, 77, as amended (7 U.S.C. 1501 et seq.); sec. 1244, Pub. L. 99-198.

SOURCE: 52 FR 19128, May 21, 1987, unless otherwise noted.

§ 400.45 Applicability.

(a) The regulations in this subpart implement Chapter XII and section 1764 of the Food Security Act of 1985 (Pub. L. 99-198) (the Act) requiring the denial of crop insurance to persons who are determined to have performed certain practices prohibited by the Act or who have violated certain federal or State statutes or the regulations implementing the Act. The provisions of this subpart are applicable to all crop insurance policies written by the Federal Crop Insurance Corporation (the Corporation) or reinsured by the Corporation.

(b) The provisions of this subpart will be effective for the crop and crop year immediately following the first crop cancellation date occurring after the effective date of the Act for all crop policies reinsured by FCIC, and for all policies and regulations for crop insurance issued by FCIC.

§ 400.46 Definitions.

For the purpose of this regulation and in addition to the definitions included at 7 CFR 12.2, the following definitions are applicable:

(a) *Controlled substance* means any prohibited drug-producing plants including, but not limited to, cacti of the genus *lophophora*, coca bushes (*erythroxylum coca*), marijuana (*cannabis sativa*), opium poppies (*papaver somniferum*), and other drug-producing plants, the planting and harvesting of which is prohibited by Federal or State law.

(b) *Person* means any producer, tenant, or landlord, insured under a policy of crop insurance issued by FCIC, or by a multi-peril insurance company whose crop insurance policy is reinsured by FCIC.

(c) *State* means each of the fifty States, the District of Columbia, the

Commonwealth of Puerto Rico, Guam, the Virgin Islands of the United States, American Samoa, the Commonwealth of the Northern Mariana Islands, or the Trust Territory of the Pacific.

(d) *The Act* means the Food Security Act of 1985 (Pub. L. 99-198).

§ 400.47 Denial of crop insurance.

(a) Any person convicted under Federal or State law of planting, cultivating, growing, producing, harvesting or storing a controlled substance in any crop year will be ineligible for crop insurance during that crop year and the four succeeding crop years.

(1) The insurance of such person insured by FCIC who found to be ineligible under paragraph (a) of this section will be null and void, and any indemnity paid on such insurance must be returned in full to FCIC. Any premium paid for insurance coverage declared null and void will be returned, less a reasonable amount for expenses and handling not to exceed 20 percent of the premium paid.

(2) The application and policy of insurance will be voided, or the person will be removed from the policy and the policyholder share reduced in accordance with 7 CFR 400.681(b), when any person becomes ineligible for crop insurance under the provisions of paragraph (a) of this section. To obtain crop insurance coverage following the period of ineligibility, the person must submit a new application for crop insurance.

(b) Any insurance written by a multi-peril crop insurance company to any person who is ineligible under the provisions of this subpart is not eligible for reinsurance under the Corporation's standard reinsurance agreement. Any premium subsidy and expense allowance or loss paid by the Corporation because of such agreement will be immediately refunded to the Corporation. Notwithstanding any other provision of law, policies written by multi-peril crop insurance companies to any person ineligible under the provisions of this subpart are null and void. Premium paid for such policies will be refunded to the person applying for insurance, less a reasonable amount for expenses and handling not to exceed 20

§ 400.48

percent of the premium paid, and no indemnity will be paid unless the multi-peril company expressly agrees to continue such policy in effect without FCIC reinsurance. However, if the reinsured company follows the procedure of the Corporation and the requirements of the regulations, reinsurance will continue to be provided under the reinsurance agreement on the policy unless it is shown that the agent or company had knowledge of facts which would indicate ineligibility on the part of the insured and failed to act on that knowledge.

(c) FCIC employees or contractors are required to report all suspected cases of violation of the Act or the regulations to the appropriate agency for a determination of violation. Benefits shall not be paid in such cases pending a determination from the appropriate agency.

(d) Notwithstanding any other provision of this subpart, any crop insurance policy where insurance attached to a crop prior to August 15, 1986, will continue in effect for that crop until the next termination date following August 15, 1986.

[52 FR 19128, May 21, 1987, as amended at 58 FR 17945, Apr. 7, 1993; 61 FR 38058, July 23, 1996; 65 FR 29942, May 10, 2000]

§ 400.48 Protection of interests of tenants, landlords or producers.

Any tenant, landlord or producer on the farm separate from the person declared ineligible for crop insurance under the provisions of § 400.47 of this part, will remain eligible for crop insurance on their insurable share in the crop, unless such tenant, landlord, or producer on the farm is:

(a) Also convicted of planting, cultivating, growing, producing, or storing a controlled substance;

(b) Otherwise determined by FCIC to be ineligible for crop insurance.

The APH program operates within limits prescribed by, and in accordance with, the provisions of the Federal

Crop Insurance Act, as amended (7 U.S.C. 1501 *et seq.*), only on those crops identified in this section in those areas where the Actuarial Table provides coverage. Except when in conflict with this subpart, all provisions of the applicable crop insurance contract for these crops apply.

§ 400.52 Definitions.

In addition to the definitions contained in the crop insurance contract, the following definitions apply for the purposes of the APH Coverage Program:

- (a) *APH*—Actual Production History.
- (b) *Actual yield*—The yield per acre for a crop year calculated from the production records or claims for indemnities. The actual yield is determined by dividing total production (which includes harvested and appraised production) by planted acres for annual crops or by insurable acres for perennial crops.
- (c) *Adjusted yield*—The transitional or determined yield reduced by the applicable percentage for lack of records. The adjusted yield will equal 65 percent of the transitional or determined yield, if no producer records are submitted; 80 percent, if records for one year are submitted; and 90 percent, if two years of records are submitted.
- (d) *Appraised production*—Production determined by the Agricultural Stabilization and Conservation Service (ASCS), the FCIC, or a company reinsured by the FCIC, that was unharvested but which reflected the crop's yield potential at the time of the appraisal. For the purpose of APH "appraised production" specifically excludes production lost due to uninsurable causes.
- (e) *Approved APH yield*—A yield, calculated and approved by the verifier, used to determine the production guarantee and determined by the sum of the yearly actual, assigned, and adjusted or unadjusted transitional or determined yields divided by the number of yields contained in the database. The database may contain up to 10 consecutive crop years of actual and or assigned yields. At least four yields will always exist in the database.
- (f) *Assigned yield*—A yield assigned by FCIC in accordance with the crop in-

urance contract, if the insured does not file production reports as required by the crop insurance contract. Assigned yields are used in the same manner as actual yields when calculating APH yields except for purposes of the Nonstandard Classification System (NCS).

(g) *Base period*—Ten consecutive crop years (except peaches, which have a five-year base period) immediately preceding the crop year defined in the insurance contract for which the approved APH yield is being established (except for sugarcane, which begins the calendar year preceding the immediate previous crop year defined in the insurance contract).

(h) *Continuous production reports*—Reports submitted by a producer for each crop year that the unit was planted to the crop and for the most recent crop year in the base period.

(i) *Crop year*—Defined in the crop insurance contract, however, for APH purposes the term does not include any year when the crop was not planted or when the crop was prevented from being planted by an insurable cause. For example, if an insured plants acreage in a county to wheat one year, that year is a crop year in accordance with the policy definition. If the land is summerfallowed the next calendar year, that calendar year is not a crop year for the purpose of APH.

(j) *Database*—A minimum of four years up to a maximum of ten crop years of production data used to calculate the approved APH yield.

(k) *Determined yield (D-yield)*—An estimated year for certain crops, which can be determined by multiplying an average yield for the crop (attained by using data available from The National Agricultural Statistics Service (NASS) or comparable sources) by a percentage established by the FCIC for each county.

(l) *Master yields*—Approved APH yields, for certain crops and counties as initially designated by the FCIC, based on a minimum of four crop years of production records for a crop within a county.

(m) *New producer*—A person who has not been actively engaged in farming

§ 400.53

7 CFR Ch. IV (1-1-01 Edition)

for a share of the production of the insured crop for more than two crop years.

(n) *Production report*—A written record showing the insured crop's annual production and used to determine the insured's yield for insurance purposes. The report contains yield history by unit, if applicable, including planted acreage for annual crops, insurable acreage for perennial crops, and harvested and appraised production for the previous crop years. This report must be supported by written verifiable records, measurement of farm stored production, or by other records of production approved by FCIC on an individual basis. Information contained in a claim for indemnity is considered a production report for the crop year for which the claim was filed.

(o) *Production Reporting Date (PRD)*—The PRD is contained in the crop insurance contract and is the last date production reports will be accepted for inclusion in the database for the current crop year.

(p) *Transitional yield (T-Yield)*—An estimated yield, for certain crops, generally determined by multiplying the ASCS program yield by a percentage determined by the FCIC for each county and provided on the actuarial table to be used in the APH yield calculation process when less than four consecutive crop years of actual or assigned yields are available.

(q) *Verifiable records*—Contemporaneous records of acreage and production provided by the insured, which may be verified by FCIC through an independent source, and which are used to substantiate the acreage and production that have been reported on the production report.

(r) *Verifier*—A person authorized by the FCIC to calculate approved APH yields.

(s) *Yield variance tables*—Tables for certain crops that indicate unacceptable yield variations and yield trends which will require determination of the APH yield by the FCIC.

§ 400.53 Yield certification and acceptability.

(a) Production reports must be provided to the crop insurance agent no

later than the production reporting date for the crop insured.

(1) Production reports must provide an accurate account of planted acreage for annual crops or insurable acres for perennial crops, as well as harvested and appraised production by unit.

(2) The insured must certify the accuracy of the information.

(3) Production reported for more than one crop year must be continuous. A year in which no acreage was planted to the crop on a unit or no acreage was planted to a practice, type, or variety requiring an APH yield will not be considered a break in continuity. Assigned yields, at the discretion of the FCIC, may be used to maintain continuity of yield data of file. Production on uninsured (for those years a crop insurance policy under the Federal Crop Insurance Act is in effect) or uninsurable acreage (for other years of the period) will not be used to determine APH yield unless production from such acreage is commingled with production from insured or insurable acreage.

(b) Production reports and supporting records are subject to audit or review to verify the accuracy of the information certified. Production and supporting records may be reviewed and verified if a claim for indemnity is submitted on the insured crop. The reported yield is subject to revision, if needed, so that the claim conforms to the records submitted at that time.

(1) Inaccurate production reports or failure to retain acceptable records shall result in the verifier combining optional farm units and recomputing the approved APH yield. These actions shall be taken at any time after reporting or record discrepancies are identified and may result in reduction of the approved APH yield for any calendar year.

(2) Records must be provided by the insured at the time of an audit, review, or as otherwise requested, to verify that the acreage and production certified are accurate. Records of any other person having shares in the insured crop, which are used by the insured to establish the approved APH yield, must also be provided upon request.

(3) In the event acreage or production data certified by two or more persons

sharing in the crop on the same acreage is different, the verifier shall, at the verifier's discretion, determine which acreage and production data, if any, will be used to determine the approved APH yield. If the correct acreage and production cannot be determined, the data submitted will be considered unacceptable by the verifier for APH purposes.

(4) Failure of the producer to report acreage and production completely and accurately may result in avoidance of the crop insurance contract, as well as criminal or civil false claims penalties pursuant to applicable Federal criminal or civil statutes.

§ 400.54 Submission and accuracy of production reports.

(a) The insured is solely responsible for the timely submission and certification of accurate, complete production reports to the agent. Production reports must be provided for all planted units.

(b) Records may be requested by the FCIC, or an insurance company reinsured by the FCIC, or by anyone acting on behalf of the FCIC or the insurance company. The insured must provide such records upon request.

(c) The agent will explain the APH Program to insureds and prospective insureds. When necessary, the agent will assist the insured in preparation of production reports. The agent will determine the adjusted or unadjusted transitional or determined yields in accordance with § 400.54(b). The agent will review the production reports and forward them to the verifier, along with any requested and required supporting records for determination of an approved APH yield.

(d) The verifier will determine if the certified production reports are acceptable and calculate the approved APH yield.

§ 400.55 Qualification for actual production history coverage program.

(a) The approved APH yield is calculated from a database containing a minimum of four yields and will be updated each subsequent crop year. The database may contain a maximum of the 10 most recent crop years and may include actual, assigned, and adjusted

or unadjusted T or D-Yields. T or D-Yields, adjusted or unadjusted, will only occur in the database when there are less than four years of actual and/or assigned yields.

(b) The insured may be required to provide production records to determine the approved APH yield, if production records for the most recent crop year are available. If acceptable records of actual production are provided, the records must be continuous and contain at least the most recent crop year's actual yield.

(1) If no acceptable production records are available, the approved APH yield is the adjusted T or D-Yield (65 percent of T or D-Yield).

(2) If acceptable production records containing information for only the most recent crop year are provided, the three T or D-Yields adjusted by 80 percent will be used to complete the minimum database and calculate the approved APH yield.

(3) If acceptable production records containing information for only the two most recent crop years are provided, the two T or D-Yields adjusted by 90 percent and the two actual yields will be used to complete the database and calculate the approved APH yield.

(4) If acceptable production records containing information for only the three most recent crop years are provided, the three actual yields and one unadjusted T or D-Yield are used to complete the database and calculate the approved APH yield.

(5) When the database contains four or more (up to ten) continuous actual yields, the approved APH yield is a simple average of the actual yields.

(6) New producers may have their approved APH yields based on unadjusted T or D-Yields or a combination of actual and unadjusted T or D-Yields.

(7) Producers who add land or new practice, types and varieties to their farming operations and who do not have available records for the added land, practice, types or varieties may have approved APH yields for the added land, practice, types or varieties that are based on adjusted or unadjusted T or D-Yields as determined by FCIC.

(8) If the producer's crop is destroyed or if it produces a low actual yield due

§ 400.56

to insured causes of loss, the resulting average yield may qualify for catastrophic yield adjustment according to FCIC guidelines. APH yields qualifying for catastrophic yield adjustment may be adjusted to mitigate the effect of catastrophic years. Premium rates for approved APH yields, which are adjusted for catastrophic years, may be based on the producer's APH average yield prior to the catastrophic adjustment or such other basis as determined appropriate by FCIC.

(c) If no insurable acreage of the insured crop is planted for a year, a production report indicating zero planted acreage will maintain the continuity of production reports for APH record purposes and that calendar year will not be included in the APH yield calculations.

(d) Actual yields calculated from the claim for indemnity will be entered in the database. The resulting average yield will be used to determine the premium rate and approved APH yield, at the discretion of FCIC.

(e) Optional units are not available to an insured who does not provide acceptable production reports for at least the most recent crop year with which to calculate an approved APH yield.

(f) FCIC may determine approved APH yields for designated crops in the following situations:

(1) If less than four years of yield history is certified and T or D-Yields are not provided in the actuarial documents,

(2) If actual yield exceed tolerances specified in yield variance tables, and

(3) For perennial crops:

(i) If significant upward or downward yield trends are indicated;

(ii) If tree or vine damage, or cultural practices will reduce the production level;

(iii) if more than two percent of the trees or vines have been removed within the last two years; or

(iv) If yield trends are evident and yields greater than the average yield are requested by the insured.

(g) APH yields will not be approved the first insurance year on perennial crops until an inspection acceptable to FCIC has been performed and the acreage is accepted for insurance purposes

7 CFR Ch. IV (1-1-01 Edition)

in accordance with the crop insurance contract.

(h) APH Master Yields may be established whenever crop rotation requirements and land leasing practices limit the yield history available. FCIC will establish crops and locations for which Master Yields are available. To qualify, the producer must have at least four recent continuous crop years' annual production reports and must certify the authenticity of the production reports of the insured crop. Master Yields are based on acreage and production history from all acreage of the insured crop in the county in which the operator has shared in the crop's production.

(i) FCIC may use any production report available under the provisions of any crop insurance contract, whether continuous or not, involving the interests of the person's insured crops in determining the approved APH yield.

§ 400.56 Administrative appeal exhaustion.

The insured may appeal the approved APH yield in accordance with the procedures contained in 7 CFR part 400, subpart J. Administrative remedies through the appeal process must be exhausted prior to any action for judicial review. The approved APH yield determined as a result of the appeal process will be the yield applicable to the crop year.

AUTHORITY: Secs. 506, 516, Pub. L. 75-430, 52 Stat. 73, 77, as amended (7 U.S.C. 1506, 1516).

SOURCE: 51 FR 17316, May 12, 1986, unless otherwise noted.

§ 400.115 Purpose.

This subpart sets forth procedures that will be followed, and the rights afforded to debtors, in connection with the reporting by the Federal Crop Insurance Corporation (FCIC) to credit reporting agencies of information with respect to current and delinquent debts owed to FCIC, and in connection with referral of delinquent debts to contract collection agencies.

§ 400.116 Definitions.

(a) *Credit reporting agency* means (1) a reporting agency as defined at 4 CFR 102.5(a), or (2) any entity which has entered into an agreement with USDA concerning the referral of credit information.

(b) *Collection agency* means a private debt collection contractor under Federal Supply Schedule contract with the General Services Administration (GSA) for professional debt collection services.

(c) *Comptroller* means the employee of FCIC filling that position or the person designated by the Comptroller to perform that function.

(d) *Debt and claim* are deemed synonymous and are used interchangeably herein. The debt or claim is an amount of money which has been determined by an appropriate agency official to be owed to FCIC by any individual, organization or entity, except another Federal agency; State, local or foreign government or agencies thereof; Indian

tribal governments; or other public institutions.

The debt or claim may have arisen from overpayment, premium non-payment, interest, penalties, reclamations resulting from payments under good faith reliance provisions, or other causes.

(e) *Delinquent debt* means (1) any debt owed to FCIC that has not been paid by the termination date specified in the applicable contract of insurance, or other due date for payment contained in any other agreement, or notification of indebtedness, and (2) any overdue amount owed to FCIC by a debtor which is the subject of an installment payment agreement which the debtor has failed to satisfy under the terms of such agreement.

(f) *System of records* means a group of any records under the control of FCIC from which information is retrieved by the name of the individual by some identifying number, symbol, or other identification assigned to the individual.

(g) *Request for review* means that request submitted to FCIC by a debtor for a review of the facts resulting in the determination of indebtedness to FCIC. FCIC allows 45 days for such request and any request submitted within that period is considered a timely request.

§ 400.117 Determination of delinquency.

Prior to disclosing information about a debt to a credit reporting agency in accordance with this subpart, the FCIC claims official, designated as the Comptroller, FCIC, or the designee of the Comptroller who has jurisdiction over the claim, shall review the claim and determine that the claim is valid and overdue.

§ 400.118 Demand for payment.

The Comptroller who is responsible for carrying out the provisions of this subpart with respect to the debt shall send to the debtor appropriate written demands for payment in terms which inform the debtor of the consequences of failure to make payment, in accordance with guidelines established by the Manager, FCIC, the Federal Claims Collection Standards at 4 CFR 102.2, or

§ 400.119

7 CFR Ch. IV (1–1–01 Edition)

the contract between the General Services Administration (GSA) and the collection agency.

§ 400.119 Notice to debtor; credit reporting agency.

(a) In accordance with guidelines established by the Manager, FCIC, the Comptroller who is responsible for disclosure of information with respect to delinquent debts to a credit reporting agency shall send written notice to the delinquent debtors that FCIC intends to disclose credit information to a credit reporting agency on a regular basis. In addition, delinquent debtors are to be informed:

- (1) Of the basis for the indebtedness;
- (2) That the payment is overdue;
- (3) That FCIC intends to disclose to a credit reporting agency that the debtor is responsible for the debt and with respect to an individual, that such disclosure shall be made not less than 60 days after notification to such debtor;
- (4) Of the specific information intended to be disclosed to the credit reporting agency;
- (5) Of the rights of such debtor to a full explanation of the claim and to dispute any information in the system of records of FCIC concerning the claim;
- (6) Of the debtor's right to administrative appeal or review with respect to the claim and how such review shall be obtained; and
- (7) Of the date after which the information will be reported to the credit reporting agency.

(b) The content and standards for demand letters and notices sent under this section shall be consistent with the Federal Claims Collection Standards at 4 CFR 102.2.

§ 400.120 Subsequent disclosure and verification.

(a) FCIC shall promptly notify each credit reporting agency to which the original disclosure of debt information was made of any substantial change in the condition or amount of the claim. A substantial change in condition may include, but is not limited to, notice of death, cessation of business, or relocation of the debtor. A substantial change in the amount may include, but is not limited to, payments received,

additional amounts due, or offsets made with respect to the debt.

(b) FCIC shall promptly verify or correct, as appropriate, information about the claim or request of such credit reporting agency for verification of any or all information so disclosed. The records of the debtor shall reflect any correction resulting from such request.

(c) FCIC shall obtain satisfactory assurances from each reporting agency to which information will be provided that the agency is in compliance with the provisions of all laws and regulations of the United States relating to providing credit information.

§ 400.121 Information disclosure limitations.

FCIC shall limit delinquent debt information disclosed to credit reporting agencies to:

- (a) The name, address, taxpayer identification number, and other information necessary to establish the identity of the debtor;
- (b) The amount, status, and history of the claim; and
- (c) The FCIC program under which the claim arose.

§ 400.122 Attempts to locate debtor.

Before disclosing delinquent debt information to a credit reporting agency, FCIC shall take reasonable action to locate a debtor for whom FCIC does not have a current address in order to send the notification in accordance with § 400.119 of this subpart.

§ 400.123 Request for review of the indebtedness.

(a) Before disclosing delinquent debt information to a credit reporting agency, FCIC shall, upon request of the debtor, provide for a review of the claim, including an opportunity for reconsideration of the initial decision concerning the existence or amount of the claim, in accordance with applicable administrative appeal procedures.

(b) Upon receipt of a timely request for review, FCIC shall suspend its schedule for disclosure of delinquent debt information to a credit reporting agency until such time as a final decision is made on the request.

(c) Upon completion of the review, the reviewing office shall transmit to

the debtor a written notification of the decision. If appropriate, notification shall inform the debtor of the scheduled date on or after which information concerning the debt will be provided to the credit reporting agency. The notification shall, if appropriate, also indicate any changes in the information to be disclosed to the extent such information differs from that provided in the initial notification.

§ 400.124 Disclosure to credit reporting agencies.

(a) In accordance with guidelines established by the Manager, FCIC, the Comptroller or designated manager of the systems of records shall disclose to credit reporting agencies the information specified in § 400.121.

(b) Disclosure of information to credit reporting agencies shall be made on or after the date specified in §§ 400.119(a)(3) and 400.125 and shall be comprised of the information set forth in the initial determination or any modification thereof.

(c) This section shall not apply to disclosure of delinquent debts when:

(1) The debtor has agreed to a repayment agreement for such debt and such agreement is still valid; or

(2) The debtor has filed for review of the debt and the reviewing official or designee has not issued a decision on the review.

§ 400.125 Notice to debtor, collection agency.

FCIC shall provide 30 days written notice to the debtor, mailed to the debtor's last known address, of FCIC's intent to forward the debt to a collection agency for further collection action.

§ 400.126 Referral of delinquent debts to contract collection agencies.

(a) FCIC shall use the services of a contract collection agency which has entered into a contract with the General Services Administration to recover debts owed to FCIC.

(b) If FCIC's collection efforts have been unsuccessful on a delinquent debt, and the delinquent debt remains unpaid, FCIC may refer the debt to a contract collection agency for collection.

(c) FCIC shall retain the authority to resolve disputes, compromise claims, suspend or terminate collection action, and refer the matter for litigation.

§ 400.127 OMB control numbers.

OMB control numbers are contained in subpart H of part 400, title 7 CFR.

(i) Theft, misuse, or loss of Government funds;

(ii) False claims for services and travel reimbursement;

(iii) Illegal, unauthorized obligations and expenditures of Government appropriations;

(iv) Using or authorizing the use of Government owned or leased equipment, facilities, supplies and services for other than official or approved purposes;

(v) Lost, stolen, damaged, or destroyed Government property;

(vi) Erroneous entries on accounting records or reports; and

(vii) Deliberate failure to provide physical security and control procedures for accountable officers, if such failure is determined to be the proximate cause for a loss of Government funds.

(c) *Department* or *USDA* means the United States Department of Agriculture.

(d) *Disposable salary (pay)* means any pay due an employee which remains after required deductions for Federal, State and local income taxes; Social Security taxes, including Medicare taxes; Federal retirement programs; premiums for life and health insurance benefits; and such other deductions as may be required by law to be withheld.

(e) *Employee* means a current employee of an agency, including a current member of the Armed Forces or a Reserve of the Armed Forces.

(f) *FCIC Official* means the Manager, or the Manager's designee.

[53 FR 3, Jan. 4, 1988, and 53 FR 10527, Apr. 1, 1988]

§ 400.129 Salary offset.

(a) Debt collection by salary offset is feasible if: the cost to the Government of collection by salary offset does not exceed the amount of the debt; there are no legal restrictions to the debt, such as the debtor being under the jurisdiction of a bankruptcy court or the expiration of a statute of limitations; or, other such legal restrictions. The Debt Collection Act permits collections of debts by offset for claims that have not been outstanding for more than 10 years.

(b) The salary offset provisions contained herein provide procedures which must be followed before FCIC may request another Federal agency to offset any amount from the debtor's salary. Decisions made under the provisions of this section are not appealable under the provisions of the Appeal Regulations in part 400, subpart J of this title.

(c) These regulations will not apply to any case where collection of a debt

by salary offset is explicitly provided for by another statute as noted by the Comptroller General in 64 Comp. Gen. 142 (1984), including 5 U.S.C. 5512(a), 5 U.S.C. 5513, 5 U.S.C. 5522(a) (1), 5 U.S.C. 5705 (1) and (2), and 5 U.S.C. 5724(f).

(d) Salary offset may be used by FCIC to collect debts which arise from delinquent FCIC premium payments or delinquent repayment plans and other debts arising from, but not limited to, such sources as program theft, embezzlement, fraud, salary overpayments, underwithholding of any amounts due and payable for life and health insurance, advance travel payments, overpaid indemnities, and any amount owed by present or former employees from loss of federal funds through negligence and other matters. The debt does not have to be reduced to judgment and does not have to be covered by a security instrument.

(e) FCIC may use salary offset against one of its employees who is indebted to another agency if requested to do so by that agency. Salary offset will not be initiated until after other servicing options available to the requesting agency have been utilized, and due process has been afforded to the FCIC employee. When salary offset is utilized, payment for the debt will be deducted from the employee's salary and sent directly to the creditor agency. Not more than fifteen percent (15%) of the employee's disposable salary can be offset in any one pay period, unless the employee agrees in writing to the deduction of a larger amount.

(f) When FCIC is owed a debt by an employee of another agency, the other agency shall not initiate the requested offset until FCIC provides the agency with a written certification that the debtor owes FCIC a debt (including the amount and basis of the debt and the due date of the payment), and that FCIC has complied with Department regulations. If a repayment schedule is elected by the employee, interest will be charged in accordance with Departmental Regulation 2520-1, Interest Rate on Delinquent Debts; USDA Debt Collection Regulations in 7 CFR part 3; and 4 CFR 102.13.

(g) For the purposes of this section, the Manager, FCIC, or the Manager's designee, is delegated authority to:

(1) Certify to the debtor's employing agency that the debt exists and the amount of the debt or delinquent balance;

(2) Certify that, with respect to debt collection, the procedures and regulations of FCIC and the Department have been complied with; and

(3) Request that salary offset be initiated by the debtor's employing agency.

[53 FR 3, Jan. 4, 1988, and 53 FR 10527, Apr. 1, 1988]

§ 400.130 Notice requirements before offset.

Salary offset will not be made unless the employee receives 30 calendar days written notice. The notice of intent to offset salary (notice of intent) will state:

(a) That FCIC has reviewed the records relating to the debt and has determined that the debt is owed, and has verified the amount of the debt, and the facts giving rise to the debt;

(b) That FCIC intends to deduct an amount not to exceed 15% of the employees current disposable salary until the debt and all accumulated interest are paid in full;

(c) The amount, frequency, approximate beginning date, and duration of the intended deductions;

(d) An explanation of the requirements concerning interest, penalties, and administrative costs, including a statement that these assessments will be made unless waived in accordance with 31 U.S.C. 3717 and 7 CFR 3.34;

(e) That FCIC's records concerning the debt are available to the employee for inspection and that the employee may request a copy of such records;

(f) That the employee has a right to voluntarily enter into a written agreement with FCIC for a repayment schedule with FCIC, which may be different from that proposed by FCIC, if the terms of the repayment agreement are agreed to by FCIC;

(g) That the employee has the right to a hearing conducted by an Administrative Law Judge of USDA, or a hearing official not under the control of USDA, concerning the determination of the debt, the amount of the debt, or the percentage of disposable salary to be deducted each pay period, if the pe-

tition for a hearing is filed by the employee as prescribed by FCIC;

(h) The method and time period allowable for a petition for a hearing;

(i) That the timely filing of a hearing petition will stay the offset collection proceedings;

(j) That a final decision on the hearing will be issued at the earliest practical date, but not later than 60 calendar days after the filing of the petition, unless the employee requests, and the hearing officer grants, a delay in the proceedings;

(k) That any knowingly false or frivolous statement, representation, or evidence may subject the employee to:

(1) Disciplinary procedures appropriate under 5 U.S.C. Chapter 75, 5 CFR part 752, or any other applicable Statutes or regulations;

(2) Penalties under the False Claims Act, 31 U.S.C. 3729-3731, or any other applicable statutory authority; or

(3) Criminal penalties under 18 U.S.C. 286, 287, 1001, and 1002, or any other applicable statutory authority;

(l) Any other rights or remedies available to the employee under any statute or regulations governing the program for which collection is being made;

(m) That the employee may request waiver of salary overpayment under applicable statutory authority (5 U.S.C. 5584, 10 U.S.C. 2774, 32 U.S.C. 716, or 5 U.S.C. 8346(b)), or may request waiver in the case of general debts and if waiver is available under any statutory provision pertaining to the particular debt being collected. The employee may question the amount or validity of the salary overpayment or general debt by submitting a claim to the Comptroller General in accordance with General Accounting Officer procedure.

(n) That amounts paid on or deducted for the debt which are later waived or found not to be owed to the United States will be promptly refunded to the employee, unless there are applicable contractual or statutory provisions to the contrary; and

(o) The name and address of an official of FCIC to whom the employee

§ 400.131

should direct any communication with respect to the debt.

[53 FR 4, Jan. 4, 1988, and 53 FR 10527, Apr. 1, 1988]

§ 400.131 Request for a hearing and result if an employee fails to meet deadlines.

(a) Except as provided in paragraph (c) of this section, an employee must file a petition for hearing that is received by the FCIC Official not later than 30 calendar days from the date of the notice of intent to collect a debt by salary offset, if the employee wants a hearing concerning:

(1) The existence or amount of the debt; or

(2) The FCIC Official's proposed offset schedule, including the percentage of deduction.

(b) The petition must be signed by the employee and should clearly identify and explain with reasonable specificity and brevity the facts, evidence and witnesses which the employee believes support the his or her position. If the employee objects to the percentage of disposable salary to be deducted from each check, the petition should state the objection and the reasons for it.

(c) If the employee files a petition for hearing later than the 30 days provided in paragraph (a) of this section, the FCIC Official may accept the petition if the employee is able to show that the delay caused by conditions beyond his or her control, or because the employee failed to received the notice of the filing deadline (unless the employee has actual notice of the deadline).

(d) An employee will not be granted a hearing and will have his or her disposable salary offset in accordance with the FCIC Official's announced schedule if the employee:

(1) Fails to file a petition for hearing as set forth in this subsection; or

(2) Is scheduled to appear and fails to appear at the hearing.

[53 FR 4, Jan. 4, 1988, and 53 FR 10527, Apr. 1, 1988]

§ 400.132 Hearings.

(a) If an employee timely files a petition for a hearing, the FCIC Official will select the date, time, and location for the hearing.

7 CFR Ch. IV (1-1-01 Edition)

(b) The hearing shall be conducted by an appropriately designated Hearing Official.

(c) Rules of evidence shall not be observed, but the hearing officer will consider all evidence that he or she determines to be relevant to the debt that is the subject of the hearing, and weigh all such evidence accordingly, given all the facts and circumstances surrounding the debt.

(d) The burden of proof with respect to the existence of the debt rests with FCIC.

(e) The employee requesting the hearing shall bear the ultimate burden of proof.

(f) The evidence presented by the employee must prove that no debt exists, or cast sufficient doubt such that reasonable minds could differ as to the existence of the debt.

[53 FR 5, Jan. 4, 1988, and 53 FR 10527, Apr. 1, 1988]

§ 400.133 Written decision following a hearing.

(a) At the conclusion of the hearing, a written decision will be provided which will include:

(1) A statement of the facts presented at the hearing supporting the nature and origin of the alleged debt and those presented to refute the debt;

(2) The hearing officer's analysis, findings, and conclusions, considering all the evidence presented and the respective burdens of the parties, in light of the hearing;

(3) The amount and validity of the alleged debt determined as a result of the hearing;

(4) The payment schedule (including the percentage of disposable salary), if applicable; and

(5) The determination of the amount of the debt at this hearing is the final agency action on this matter.

[53 FR 5, Jan. 4, 1988, and 53 FR 10527, Apr. 1, 1988]

§ 400.134 Review of FCIC record related to the debt.

An employee who intends to inspect or copy FCIC records related to the debt must send a letter to the FCIC official (designated in the notice of intent) stating his or her intentions. The

letter must be received by the FCIC official within 30 calendar days of the date of the notice of intent. In response to the timely notice submitted by the debtor, the FCIC official will notify the employee of the location and time when the employee may inspect and copy FCIC records related to the debt.

[53 FR 5, Jan. 4, 1988, and 53 FR 10527, Apr. 1, 1988]

§ 400.135 Written agreement to repay debt as an alternative to salary offset.

The employee may propose, in response to a notice of intent, a written agreement to repay the debt as an alternative to salary offset. The proposed written agreement to repay the debt must be received by the FCIC official within 30 calendar days of the date of the notice of intent. The FCIC official will notify the employee whether the employee's proposed written agreement for repayment is acceptable. The FCIC official may accept a repayment agreement instead of proceeding by offset. In making this determination, the FCIC official will balance the FCIC interest in collecting the debt against hardship to the employee. If the debt is delinquent and the employee has not disputed its existence or amount, the FCIC official will accept a repayment agreement, instead of offset, for good cause such as, if the employee establishes that offset would result in undue financial hardship, or would be against equity and good conscience.

[53 FR 5, Jan. 4, 1988, and 53 FR 10527, Apr. 1, 1988]

§ 400.136 Procedures for salary offset; when deductions may begin.

(a) Deductions to liquidate an employee's debt will be made by the method and in the amount outlined in the Notice of Intent to collect from the employee's salary, as provided for in § 400.130.

§ 400.141 Internal Revenue Service (IRS) Tax Refund Offset.

Under the provisions of 31 U.S.C. 3720A, the (IRS) may be requested to collect a legally enforceable debt owing to any Federal agency by offset against a taxpayer's Federal income tax refund. This section provides policies and procedures to implement IRS tax refund offsets in accordance with the provisions set forth in §301.6402-6T of 26 CFR chapter I.

(a) Any person who is indebted to the Federal Crop Insurance Corporation (FCIC) is entitled to the extent of FCIC's administrative due process including review and appeal of the debt under the Appeal Regulations in 7 CFR part 400, subpart J.

(b) If, after such administrative due process is exhausted, the debt is still outstanding with no other means of collection, the debtor will be notified by letter of FCIC's intention to refer such debt to the IRS for collection by tax refund offset. The notification letter will inform the debtor that their account is delinquent and that IRS will be requested to reduce the amount of any tax refund check due the debtor by the amount of the delinquency. The debtor will be given 60 days in which to write to the Manager, FCIC, providing written evidence that the debt is not legally enforceable. FCIC will refer the debt to IRS for collection by offset after the 60-day period if no response is received from the debtor. Decisions made under the provisions of this section are not appealable under the provisions of the Appeal Regulations in 7 CFR part 400, subpart J.

(c) If the debtor has requested a review, and has provided written evidence that the debt is not legally enforceable, the Manager, with the assistance of the Office of General Counsel, USDA, will review the debtor's reasons for believing that the debt is not legally enforceable. The debtor will then be notified of the results of the review.

(d) FCIC will notify IRS of those accounts against which offset action is to be taken.

(e) If, during the period of review, the debtor pays the debt in full, the collection of the debt by tax refund offset procedure will be halted. Changes in debtor status that eliminate the debtor from IRS offset will be reported to IRS by FCIC and the debtor's refund will not be offset.

(f) Amounts offset for delinquent debt which are later found to be not owed to FCIC, will be promptly refunded.

(g) Debtors will not be subject to IRS offset for any of the following reasons:

(1) Debtors who are discharged in bankruptcy or who are under the jurisdiction of a bankruptcy court;

(2) Debtors who are employed by the Federal Government;

(3) Debtors whose cases are in suspense because of actions pending by or taken by FCIC;

(4) Debtors who have not provided a Social Security Number (SSN) and no SSN can be obtained;

(5) Debtors whose indebtedness is less than \$25;

(6) Debtors whose account is more than ten (10) years delinquent; except in the case of a judgment debt; or

(7) Debtors whose account has not been first reported to a consumer credit reporting agency.

(d) With respect to which the agency has given the employee at least 60 days to present evidence that all or part of the debt is not past-due or legally enforceable, has considered evidence presented by such employee, and has determined that an amount of such debt is past-due and legally enforceable;

(e) Has been disclosed by FCIC to a consumer reporting agency as authorized by 31 U.S.C. 3711(f), in the case of a debt to be referred to IRS after June 30, 1986;

(f) With respect to which that FCIC has notified, or has made a reasonable attempt to notify, the employee that:

Subpart N—Disaster Assistance Act of 1988; Procedures for Implementation

SOURCE: 54 FR 24318, June 7, 1989, unless otherwise noted.

§ 400.250 General statement.

The Disaster Assistance Act of 1988, subsequent disaster acts and disaster provisions in subsequent acts and the Rural Development Act (7 U.S.C. 1961 *et seq.*) have required that, subject to certain provisions in those enactments, procedures on a farm, in order to be eligible to receive benefits under the various provisions, would be required to purchase Federal crop insurance when the disaster for which benefits are being obtained are related to a peril which should be covered under the insurance policy. Most of these legislative provisions require that regulations be promulgated to provide for a reduction in the commissions paid to private insurance agents, brokers, or companies on contracts for crop insurance entered into under such disaster provisions. Said reductions must be sufficient to reflect that such insurance contracts principally involve only a servicing function to be performed by the agent, broker, or company.

[58 FR 36593, July 8, 1993]

§ 400.251 Purpose and applicability.

(a) It is the purpose of these regulations to provide the procedures for implementing the various disaster acts and disaster provisions which require the purchase of crop insurance issued under the Federal Crop Insurance Act, by requiring a reduction in the compensation rate to the agent, broker, or company under contract or agreement with FCIC.

(b) The provisions contained in this subpart shall be applicable to all holders of an Agency Sales and Service Contract (herein referred to as "agency") or a Reinsurance Agreement (herein referred to as "company") with FCIC, and shall be applicable on all crop insurance contracts for crops entered into to comply with the requirements of various disaster acts or provisions requiring the purchase of crop in-

surance issued under the Federal Crop Insurance Act.

§ 400.252 Implementation and expense reimbursement.

Crop insurance coverage, required by various disaster acts or disaster provisions to be made available to any producer identified by the Agricultural Stabilization and Conservation Service (ASCS) as having suffered a crop loss of 65 percent or more, unless the requirement for such crop insurance coverage is waived under the provisions of various disaster acts or disaster provisions, may be made available through any agent or company under the terms and conditions of the contract or agreement such agent or company may have with FCIC. Agents under an Agency Sales and Service Contract and companies under a Reinsurance Agreement with FCIC are required to sign an amendment to the contract or agreement agreeing to a reduction in expense reimbursement for evidence of a policy of crop insurance issued under the requirements of various disaster acts or disaster provisions. Such expense reimbursement:

(a) Will not be reduced if the producer:

(1) Had crop insurance under the Federal Crop Insurance Act during the crop year for which the payment or other benefit is being sought under the various disaster acts or disaster provisions and said insurance has been continued into the next crop year;

(2) Furnishes evidence of insurance coverage (copy of the completed, filed application or policy confirmation) for the next crop year for the crop for which the payment or other benefit under various disaster acts or disaster provisions is being requested, to the ASCS county office at the time of application for the disaster payment or other benefit under various disaster acts or disaster provisions; or

(3) Has, under the provisions of various disaster acts or disaster provisions, received a waiver of the requirement to obtain crop insurance coverage.

(b) Will be reduced in the amount of 1½ percent of base premium when the

§ 400.301

7 CFR Ch. IV (1-1-01 Edition)

producer, applying for disaster payment at the ASCS Office without evidence of the required crop insurance coverage, is required by the ASCS or the Farmer's Home Administration (FmHA) county committee to obtain such crop insurance coverage for next crop year in order to receive the payment or other benefit sought under various disaster acts or disaster provisions.

Subpart O—Non-Standard Underwriting Classification System Regulations for the 1991 and Succeeding Crop Years

AUTHORITY: 7 U.S.C. 1506(1), 1506(p).

SOURCE: 55 FR 32595, Aug. 10, 1990, unless otherwise noted.

§ 400.301 Basis, purpose, and applicability.

The regulations contained in this subpart are issued pursuant to the Federal Crop Insurance Act, as amended (7 U.S.C. 1501 *et seq.*), to prescribe the procedures for nonstandard determinations and the assignment of assigned yields or premium rates in conformance with the intent of section 508 of the Act (7 U.S.C. 1508). These regulations are applicable to all policies of insurance insured or reinsured by the Corporation under the Act and on those policies where the insurance coverage or indemnities are based on determinations applicable to the individual insured. These regulations will not be applicable to any policy where the amount of coverage or indemnities are based on the experience of the area.

[62 FR 22876, Apr. 28, 1997]

§ 400.302 Definitions.

Act—means Federal Crop Insurance Act as amended (7 U.S.C. 1501 *et seq.*).

Actively engaged in farming means a person who, in return for a share of profits and losses, makes a contribution to the production of an insurable crop in the form of capital, equipment, land, personal labor, or personal management.

Actual Yield—means total harvested production of a crop divided by the number of acres on which the crop was planted. For insured acres, actual yield is the total production to count as defined in the insurance policy, divided by insured acres.

Assigned yield—means units of crop production per acre administratively assigned by the Corporation for the purpose of determining insurance coverage.

Corporation—means the Federal Crop Insurance Corporation.

Cumulative earned premium rate—is the total premium earned for all years in the base period, divided by the total liability for all years in the base period with the result expressed as a percentage.

Cumulative loss ratio—means the ratio of total indemnities to total earned premiums during the base period expressed as a decimal.

Earned premium means premium earned (both the amount subsidized and the amount paid by the producer, but excluding any amount of the subsidy attributed to the operating and administrative expenses of the insurance provider) for a crop under a policy insured or reinsured by the Corporation.

Earned premium rate—means premium earned divided by liability and expressed as a percentage.

Entity—means a person as defined in this subpart other than an individual.

Indemnified loss means a loss applicable for the policy for any year during the NCS base period for which the total indemnity exceeds the total earned premium. If the person has insurance for the crop in more than one county for any crop year, indemnities and premiums will be accumulated for all counties for each crop year to determine an indemnified loss.

Insurance experience means earned premiums, indemnities paid (but not including replant payments), and other data for the crop (after applicable adjustments), resulting from all of the insured's crop insurance policies insured or reinsured by the Corporation for one or more crop years and will include all information from all counties in which the person was insured.

Loss ratio—means the ratio of indemnity to earned premium expressed as a decimal.

NCS means nonstandard classification system.

NCS base period means the 10 consecutive crop years (as defined in the crop policy) ending 2 crop years prior to the crop year in which the NCS classification becomes effective for all crops, except those specified on the Special Provisions. For these excepted crops, the NCS base period means the 10 consecutive crop years ending 3 crop years prior to the crop year in which the NCS classification becomes effective. For example: An NCS classification effective for the 1996 crop year against a producer of citrus production in Arizona, California, and Texas, or sugarcane would have a NCS base period that includes the 1984 through 1993 crop years. An NCS classification effective for the 1996 crop year against a producer of all other crops would have a NCS base period that includes the 1985 through 1994 crop years.

Person—means an individual, partnership, association, corporation, estate, trust, or other legal entity, and whenever applicable, a State or a political subdivision, or agency of a state.

Substantial beneficial interest—means an interest of 10 percent or more. In determining whether such an interest equals at least 10 percent, all interests which are owned directly or indirectly through such means as ownership of shares in a corporation which owns the interest will be taken into consideration.

[55 FR 32595, Aug. 10, 1990, as amended at 62 FR 22876, Apr. 28, 1997]

§ 400.303 Initial selection criteria.

(a) Nonstandard classification procedures in this subpart initially apply when all of the following insurance experience criteria (including any applicable adjustment in § 400.303(d)) for the crop have been met:

(1) Three (3) or more indemnified losses during the NCS base period;

(2) Cumulative indemnities in the NCS base period that exceed cumulative premiums during the same period by at least \$500;

(3) The result of dividing the number of indemnified losses during the NCS

base period by the number of years premium is earned for that period equals .30 or greater; and

(4) Either of the following apply:

(i) The natural logarithm of the cumulative earned premium rate multiplied by the square root of the cumulative loss ratio equals 2.00 or greater; or

(ii) Five (5) or more indemnified losses have occurred during the NCS base period and the cumulative loss ratio equals or exceeds 1.50.

(b) The minimum standards provided in paragraphs (a) (2), (3), and (4) of this section may be increased in a specific county if that county's overall insurance experience for the crop is substantially different from the insurance experience for which the criteria was determined. The increased standard will apply until the conditions requiring the increase no longer apply. Any change in the standards will be contained in the Special Provisions for the crop.

(c) Selection criteria may be applied on the basis of insurance experience of a person, insured acreage, or the combination of both.

(1) Insurance experience of a person will include:

(i) Insurance experience of the person;

(ii) Insurance experience of other insured entities in which the person had substantial beneficial interest if the person was actively engaged in farming of the insured crop by virtue of the person's interest in those insured entities;

(iii) Insurance experience of a spouse and minor children if the person is an individual and the spouse and minor children are considered the same as the individual under § 400.306.

(2) Insurance experience of insured acreage includes all insurance experience during the base period resulting from the production of the insured crop on the acreage.

(3) Where insurance experience is based on a combination of person and insured acreage, the insurance experience will include the experience of the person as defined in paragraph (b) of this section (1) only on the specific insured acreage during the base period.

(d) Insurance experience for the crop will be adjusted, by county and crop

§ 400.304

7 CFR Ch. IV (1-1-01 Edition)

year, to discount the effect of indemnities caused by widespread adverse growing conditions. Adjustments are determined as follows:

(1) Determine the average yield for the county using the annual county crop yields for the previous 20 crop years, unless such data is not available;

(2) Determine the normal variability in the average yield for the county, expressed as the standard deviation;

(3) Subtract the result of § 400.303(d)(2) from § 400.303(d)(1);

(4) Divide the annual crop yield for the county for each crop year in the NCS base period by the result of § 400.303(d)(3), the result of which may not exceed 1.0;

(5) Subtract the result of § 400.303(d)(4) for each crop year from 1.0;

(6) Multiply the result of § 400.303(d)(5) by the liability for the crop year; and

(7) Subtract the result of § 400.303(d)(6) from any indemnity for that crop year.

(e) FCIC may substitute the crop yields of a comparable crop in determining § 400.303(d) (1) and (2), or may adjust the average yield or the measurement of normal variability for the county crop, or any combination thereof, to account for trends or unusual variations in production of the county crop or if the availability of yield and loss data for the county crop is limited. Information about how these determinations are made is available by submitting a request to the FCIC Regional Service Office for the producer's area. Alternate methods of determining the effects of adverse growing conditions on insurance experience may be implemented by FCIC if allowed in the Special Provisions.

§ 400.304 Nonstandard Classification determinations.

(a) Nonstandard Classification determinations can affect a change in assigned yields, premium rates, or both from those otherwise prescribed by the insurance actuarial tables.

(b) Changes of assigned yields based on insurance experience of insured

acreage (or of a person on specific insured acreage) will be based on the simple average of available actual yields from the insured acreage during the base period.

(c) Changes of assigned yields based on insurance experience of a person without regard to any specific insured acreage will be determined by an assigned yield factor calculated by multiplying excess loss cost ratio by loss frequency and subtracting that product from 1.00 where:

(1) Excess loss cost ratio is total indemnities divided by total liabilities for all years of insurance experience in the base period and the result of which is then reduced by the cumulative earned premium rate, expressed as a decimal, and

(2) Loss frequency is the number of crop years in which an indemnity was paid divided by the number of crop years in which premiums were earned during the base period.

(d) Changes of premium rates will be made to reflect premium rates that would have resulted in insurance experience during the base period with a loss ratio of 1.00 but:

(1) A higher loss ratio than 1.00 may be used for premium rate determinations provided that the higher loss ratio is applied uniformly in a county; and

(2) If a Nonstandard Classification change has been made to current assigned yields, insurance experience during the base period will be adjusted to reflect the affects of changed assigned yields before changes of premium rates are calculated based on that experience.

(e) Once selection criteria have been met in any year, Nonstandard Classification adjustments will be made from year to year until no further changes are necessary in assigned yields or premium rates under the conditions set forth in § 400.304(f). In determining whether further changes are necessary, the eligibility criteria will be recomputed each subsequent year using the premium rates and yields which would have been applicable had this part not been in effect.

(f) Nonstandard Classification changes will not be made that:

(1) Increase assigned yields or decrease premium rates from those otherwise assigned by the actuarial tables, or

(2) Result in less than a 10 percent decrease in assigned yields or less than a 10 percent increase in premium rates from those otherwise assigned by the actuarial tables.

§ 400.305 Assignment of Nonstandard Classifications.

(a) Assignment of a Nonstandard Classification of assigned yields, assigned yield factors, or premium rates shall be made on forms approved by the Corporation and included in the actuarial tables for the county.

(b) Nonstandard classification assignment will be made each year, for the year identified on the assignment forms, and are not subject to change under the provisions of this subpart by the Corporation for that year when included in the actuarial tables for the county, except as a result of a request for reconsideration as provided in section 400.309, or as the result of appeals under 7 CFR part 11.

(c) A nonstandard classification may be assigned to identified insurable acreage; a person; or to a combination of person and identified acreage for a crop or crop practice, type, variety, or crop option or amendment whereby:

(1) Classifications assigned to identified insurable acreage apply to all acres of the insured crop grown on the identified acreage;

(2) Classifications assigned to a person apply to all insurable acres of the insured crop on which the person and any entity in which the person has substantial beneficial interest is actively engaged in farming; and

(3) Classifications assigned to a combination of a person and identified insurable acreage will only apply to those acres of the insured crop grown on the identified acreage on which the named person is actively engaged in producing such crop.

[55 FR 32595, Aug. 10, 1990, as amended at 62 FR 22877, Apr. 28, 1997]

§ 400.306 Spouses and minor children.

(a) The spouse and minor children of an individual are considered to be the

same as the individual for purposes of this subpart except that:

(1) The spouse who was actively engaged in farming in a separate farming operation prior to their marriage will be a separate person with respect to that separate farming operation so long as that operation remains separate and distinct from any farming operation conducted by the other spouse;

(2) A minor child who is actively engaged in farming in a separate farming operation will be a separate person with respect to that separate farming operation if:

(i) The parent or other entity in which the parent has a substantial beneficial interest does not have any interest in the minor's separate farming operation or in any production from such operation;

(ii) The minor has established and maintains a separate household from the parent;

(iii) The minor personally carries out the farming activities with respect to the minor's farming operation; and

(iv) The minor establishes separate accounting and recordkeeping for the minor's farming operation.

(b) An individual shall be considered to be a minor until the age of 18 is reached. Court proceedings conferring majority on an individual under 18 years of age will not change such individual's status as a minor.

§ 400.307 Discontinuance of participation.

If the person has discontinued participation in the crop insurance program, the person will still be included on the NCS list in the county until the person has discontinued participation as a policyholder or a person with a substantial beneficial interest in a policyholder for at least 10 consecutive crop years. The most recent nonstandard classification assigned will be continued from year to year until participation has been renewed for at least one crop year and at least three years of insurance experience have occurred in the current base period. A nonstandard classification will no longer

§ 400.308

be applicable to the person or the person on identified acreage if the Corporation determines the person is deceased.

[62 FR 22877, Apr. 28, 1997]

§ 400.308 Notice of Nonstandard Classification.

(a) The Corporation will give written notice to all persons to whom a Nonstandard Classification will be assigned. The notice will give the Nonstandard Classification and the person's rights and responsibilities according to this subpart.

(b) The person, upon receiving notice from the Corporation, will be responsible for giving notice of the Nonstandard Classification to any other person with an insurable interest affected by the classification. The person will give notice to any other affected person:

(1) Prior to the sales closing date if the other affected person has an established insurable interest at the time the classified person is notified by the Corporation; or

(2) Prior to the Classified person's establishing an insurable interest of another person that will be affected by the classification.

§ 400.309 Requests for reconsideration.

(a) Any person to be assigned a nonstandard classification under this subpart will be notified of and allowed not less than 30 days from the date notice is received to request reconsideration before the nonstandard classification becomes effective. The request will be considered to have been made when received, in writing, by the Corporation.

(b) Upon receipt of a timely request for reconsideration from the person to whom the classification will be assigned, the Corporation will:

(1) Review all information supplied by, and respond to all questions raised by the individual, or

(2) In the absence of information and questions, review insurance experience and determinations for compliance with this subpart and report review results to the individual requesting reconsideration.

(c) Upon review of a request for reconsideration, the classification to be assigned will be corrected for:

7 CFR Ch. IV (1-1-01 Edition)

(1) Errors and omissions in insurance experience;

(2) Incorrect calculations under procedures in this subpart, and

(3) Typographical errors.

(d) If the review finds no cause for change, the classification will be assigned and placed on file in the actuarial tables for the county.

(e) Any person not satisfied by a determination of the Corporation upon reconsideration may further appeal under the provisions of 7 CFR part 11.

Subpart T—Federal Crop Insurance Reform, Insurance Implementation; Regulations for the 1999 and Subsequent Reinsurance Years

AUTHORITY: 7 U.S.C. 1506(l) and 1506(p).

SOURCE: 61 FR 42975, Aug. 20, 1996, unless otherwise noted.

§ 400.650 Purpose.

The Reform Act requires FCIC to implement a crop insurance program that offers several levels of insurance coverage for producers. These levels of protection include catastrophic risk protection, limited coverage, and additional coverage insurance. This subpart provides notice of the availability of these crop insurance options and establishes provisions and requirements for implementation of the insurance provisions of the Reform Act.

§ 400.651 Definitions.

Act. The Federal Crop Insurance Act, as amended (7 U.S.C. §§1501 *et seq.*).

Additional coverage. Plans of crop insurance providing a level of coverage equal to or greater than sixty-five percent (65%) of the approved yield indemnified at one hundred percent (100%) of the expected market price, or comparable coverage as established by FCIC.

Administrative fee. An amount the producer must pay for catastrophic, limited, and additional coverage each crop year on a per crop and county basis as specified in the Basic Provisions or the Catastrophic Risk Protection Endorsement.

Approved insurance provider. A private insurance company, including its agents, that has been approved and re-insured by FCIC to provide insurance coverage to producers participating in the Federal crop insurance program.

Approved yield. The amount of production per acre computed in accordance with FCIC's Actual Production History Program (7 CFR part 400, subpart G) or for crops not included under 7 CFR part 400, subpart G, the yield used to determine the guarantee in accordance with the crop provisions or the Special Provisions.

Catastrophic risk protection. The minimum level of coverage offered by FCIC which is required before a person may qualify for certain other USDA program benefits unless the producer executes a waiver of any eligibility for emergency crop loss assistance in connection with the crop. For the 1995 through 1998 crop years, such coverage will offer protection equal to fifty percent (50%) of the approved yield indemnified at sixty percent (60%) of the expected market price, or a comparable coverage as established by FCIC. For the 1999 and subsequent crop years, such coverage will offer protection equal to fifty percent (50%) of the approved yield indemnified at fifty-five percent (55%) of the expected market price, or a comparable coverage as established by FCIC.

Catastrophic Risk Protection Endorsement. The part of the crop insurance policy that contains provisions of insurance that are specific to catastrophic risk protection.

Crop of economic significance. A crop that has either contributed in the previous crop year, or is expected to contribute in the current crop year, ten percent (10%) or more of the total expected value of the producer's share of all crops grown in the county. However, a crop will not be considered a crop of economic significance if the expected liability under the Catastrophic Risk Protection Endorsement is equal to or less than the administrative fee required for the crop.

Expected market price. (price election) The price per unit of production (or other basis as determined by FCIC) anticipated during the period the insured crop normally is marketed by producers. This price will be set by FCIC before the sales closing date for the crop. The expected market price may be less than the actual price paid by buyers if such price typically includes remuneration for significant amounts of post-production expenses such as conditioning, culling, sorting, packing, etc.

FCIC. The Federal Crop Insurance Corporation, a wholly owned Government Corporation within USDA.

FSA. The Farm Service Agency, an agency of the United States Department of Agriculture or any successor agency.

ment of Agriculture or any successor agency.

Insurable interest. The value of the producer's interest in the crop that is at risk from an insurable cause of loss during the insurance period. The maximum indemnity payable to the producer may not exceed the indemnity due on the producer's insurable interest at the time of loss.

Intended crop. A crop stated on the application as submitted on or before the sales closing date for the crop which the producer intended to plant in the crop year for which application is made.

Limited coverage. Plans of insurance offering coverage that is equal to or greater than fifty percent (50%) of the approved yield indemnified at one hundred percent (100%) of the expected market price, or a comparable coverage, but less than sixty-five percent (65%) of the approved yield indemnified at one hundred percent (100%) of the expected market price, or a comparable coverage.

Linkage requirement. The legal requirement that a producer must obtain at least catastrophic risk protection coverage for any crop of economic significance as a condition of receiving benefits for such crop from certain other USDA programs in accordance with § 400.655, unless the producer executes a waiver of any eligibility for emergency crop loss assistance in connection with the crop.

Person. An individual, partnership, association, corporation, estate, trust, or other legal entity, and wherever applicable, a state or a political subdivision or agency of a state.

Reform Act. The Federal Crop Insurance Reform Act of 1994, Public Law 103-354.

Secretary. The Secretary of the United States Department of Agriculture.

Substitute crop. An alternative crop whose sales closing date has passed and that is planted on acreage that is prevented from being planted to an intended crop or where an intended crop is planted and fails.

Zero acreage report. An acreage report filed by the producer that certifies that

§ 400.652

the producer does not have a share in the crop for that crop year.

[61 FR 42975, Aug. 20, 1996, as amended at 63 FR 40634, July 30, 1998; 64 FR 40742, July 28, 1999]

§ 400.652 Insurance availability.

(a) If sufficient actuarial data are available, FCIC will offer catastrophic risk protection, limited, and additional coverage plans of insurance to indemnify persons for FCIC insured or reinsured crop loss due to loss of yield or prevented planting, if the crop loss or prevented planting is due to an insured cause of loss specified in the applicable crop insurance policy.

(b) Catastrophic risk protection coverage may be offered through approved insurance providers and through local offices of the Farm Service Agency specified by the Secretary. Limited and additional coverage will only be offered through approved insurance providers unless there is not a sufficient number of approved insurance providers that offer such insurance within a service area.

(c) A person must obtain at least catastrophic risk protection for the crop on all insurable acreage in the county in which the person has a share on or before the sales closing date designated by FCIC for the crop in the county in order to satisfy the linkage requirements unless the producer executes a waiver of any eligibility for emergency crop loss assistance in connection with the crop.

(d) For limited and additional coverage, in areas where insurance is not available for a particular agricultural commodity that is insurable elsewhere, FCIC may enter into a written agreement with a person to insure the commodity, provided that the person has actuarially sound data relating to the production of the commodity that is acceptable to FCIC and that such written agreement is specifically allowed by the crop insurance regulations applicable to the crop.

(e) Failure to comply with all provisions of the policy constitutes a breach of contract and may result in ineligibility for certain other farm program benefits for that crop year and any benefit already received must be refunded. If a producer breaches the in-

7 CFR Ch. IV (1-1-01 Edition)

surance contract, the execution of a waiver of eligibility for emergency crop loss assistance will not be effective for the crop year in which the breach occurred.

§ 400.653 Determining crops of economic significance.

To be eligible for certain other program benefits under § 400.655 the following conditions will apply with respect to crops of economic significance if the producer does not execute a waiver of any eligibility for emergency crop loss assistance in connection with the crop.

(a) If a producer planted a crop of economic significance in the preceding crop year, and does not intend to plant the same crop in the present crop year, the producer does not have to obtain insurance coverage or execute a waiver of any eligibility for emergency crop loss assistance in connection with the crop in the present crop year to comply with the linkage requirements. However, if the producer later decides to plant that crop, the producer will be unable to obtain insurance after the sales closing date and must execute a waiver of any eligibility for emergency crop loss assistance in connection with the crop to be eligible for benefits as specified in § 400.655. Failure to execute such a waiver will require the producer to refund any benefits already received under a program specified in § 400.655.

(b) The producer is initially responsible to determine the crops of economic significance in the county. The insurance provider may assist the producer in making these initial determinations. However, these determinations will not be binding on the insurance provider. To determine the percentage value of each crop:

(1) Multiply the acres planted to the crop times the producer's share, times the approved yield, and times the price;

(2) Add the values of all crops grown by the producer (in the county); and

(3) Divide the value of the specific crop by the result of paragraph (b)(2).

(c) The producer may use the type of price, such as the current local market price, futures price, established price, highest amount of insurance, etc., for the price when calculating the value of each crop, provided that the producer

uses the same type of price for all crops in the county.

(d) The producer may be required to justify the calculation and provide adequate records to enable the insurance provider to verify whether a crop is of economic significance.

[61 FR 42975, Aug. 20, 1996, as amended at 64 FR 40742, July 28, 1999]

§ 400.654 Application and acreage report.

(a) To participate in catastrophic risk protection, limited, or additional coverage plans of insurance, a producer must submit an application for insurance on or before the applicable sales closing date.

(b) In order to remain eligible for certain farm programs, as specified in § 400.655, a producer must obtain at least catastrophic risk protection on all crops of economic significance, if catastrophic risk protection is available in the county, unless the producer executes a waiver of any eligibility for emergency crop loss assistance in connection with the crop.

(c) Notwithstanding the requirements of § 400.654(a) that applications for insurance be submitted on or before the applicable sales closing date, FCIC may permit a producer to insure crops other than those specified on the application under the following conditions:

(1) The producer must be unable to plant the intended crop or it is not practical to replant a failed crop before the final planting date. FCIC will take into consideration marketing windows when determining whether it was not practical to replant.

(2) Conditions must exist to warrant allowing a producer to insure crops other than the intended crop.

(3) The producer must submit an application for the substitute crop on or before the acreage reporting date for the substitute crop and pay any applicable administrative fee. A producer may not substitute a crop that the producer planted in the preceding crop year unless that crop was listed on a timely filed application for the current crop year.

(4) If the producer plants a substitute crop that is a crop of economic significance, the producer must obtain CAT coverage, if available, to comply with

the linkage requirements specified in § 400.655. The producer may not substitute a crop under this provision if the producer has signed or intends to sign a waiver for emergency crop loss assistance for the crop year.

(5) The substitute crop must be planted on or before the final planting date or within the late planting period, if applicable, for the substitute crop.

(6) Under no circumstances may a producer submit an application for limited or additional coverage after the sales closing date for the substitute crop.

(d) For all coverages, including catastrophic risk protection, limited, and additional coverages, the producer must file a signed acreage report on or before the acreage reporting date. Any person may sign any document relative to crop insurance coverage on behalf of any other person covered by such a policy, provided that the person has a properly executed power of attorney or other legally sufficient document authorizing such person to sign.

(e) Under catastrophic risk protection, unless the other person with an insurable interest in the crop objects in writing prior to the acreage reporting date and provides a signed acreage report on their own behalf an operator may sign the acreage report for all other persons with an insurable interest in the crop without a power of attorney. All persons with an insurable interest in the crop, and for whom the operator purports to sign and represent, are bound by the information contained in that acreage report.

[61 FR 42975, Aug. 20, 1996, as amended at 64 FR 40742, July 28, 1999]

§ 400.655 Eligibility for other program benefits.

The producer must obtain at least catastrophic coverage for each crop of economic significance in the county in which the producer has an insurable share, if insurance is available in the county for the crop, unless the producer executes a waiver of any eligibility for emergency crop loss assistance in connection with the crop, to be eligible for:

(a) Benefits under the Agricultural Market Transition Act;

§ 400.656

(b) Loans or any other USDA provided farm credit, including: guaranteed and direct farm ownership loans, operating loans, and emergency loans under the Consolidated Farm and Rural Development Act provided after October 13, 1994; and

(c) Benefits under the Conservation Reserve Program derived from any new or amended application or contract executed after October 13, 1994.

§ 400.656 Coverage for acreage that is prevented from being planted.

For the 1995 and succeeding crop years, the insurance period for prevented planting for those crop insurance policies containing prevented planting coverage shall be extended so that prevented planting coverage begins:

(a) On the sales closing date for the insured crop in the county for the crop year the application for insurance is accepted; or

(b) For any crop year following the crop year the application for insurance is accepted, or for any crop year the insurance policy is transferred to a different insurance provider, on the sales closing date for the insured crop in the county for the previous crop year, provided continuous coverage has been in effect since that date. *For example:* If the producer makes application and purchases a corn crop insurance policy for the 1995 crop year (which is not terminated or canceled during or after the 1995 crop year), prevented planting coverage for the 1996 crop year began on the 1995 sales closing date. Cancellation for the purpose of transferring the policy to a different insurance provider when there is no lapse in coverage will not be considered terminated or canceled coverage for the purpose of the preceding sentence.

§ 400.657 Transitional yields for forage or feed crops, 1995–1997 crop years.

(a) For the 1995 through the 1997 crop years, producers who produce feed or forage will be eligible for an adjustment in the assigned yield described in 7 CFR 400.55(b)(1) if:

7 CFR Ch. IV (1–1–01 Edition)

(1) The feed or forage is primarily for use by the producer as livestock, dairy, or poultry operations; and

(2) At least fifty percent (50%) of the producer's net farm income is derived from the livestock, dairy, or poultry operations.

(b) Producers that qualify under paragraph (a) of this section will receive an assigned yield, if required, under 7 CFR 400.55(b)(1) equal to eighty percent (80%) of the T- or D-Yield.

[62 FR 42042, Aug. 5, 1997, as amended at 63 FR 40631, July 30, 1998]

§ 400.678 Applicability.

This subpart applies to any program administered by FCIC under the Act, including:

- (a) The catastrophic risk protection plan of insurance;
- (b) The limited and additional coverage plans of insurance as authorized under sections 508(c) and 508(m) of the Act; and
- (c) Private insurance products authorized under section 508(h) of the Act and reinsured by FCIC.

§ 400.679 Criteria for ineligibility.

Any person may be determined to be ineligible to participate in any program administered by FCIC under the authority of the Act, if the person meets one or more of the following criteria:

- (a) Has a delinquent debt on a crop insurance policy, issued or reinsured by FCIC, or any delinquent debt due FCIC under the Act. Any person with a delinquent debt owed to FCIC or to the insurance provider shall be ineligible to participate in any program administered under the authority of the Act. Such determinations will be in accordance with 7 CFR 400.459. The existence and delinquency of the debt must be verifiable.
- (b) Has violated the controlled substance (7 CFR part 718) provisions of the Food Security Act of 1985, as amended. Any person who violates the controlled substance provisions of the Food Security Act of 1985, as amended, shall be ineligible to participate in any program administered under the Act.
- (c) Has been disqualified under section 506(n) of the Act and 7 CFR part 400, subpart R. Any person who is disqualified in any administrative proceeding shall be ineligible to partici-

pate in any program administered under the Act. Ineligibility determinations resulting from administrative proceedings will not be stayed pending review. However, reversal of the determination will date back to the time of determination.

§ 400.680 Determination and notification of ineligibility.

(a) The insurance provider must send a written notice of the debt to the person, including the time frame in which the debt must be paid, and provide the person with a meaningful opportunity to contest the amount or existence of the debt. After the insurance provider has evaluated the person's response, if any, and determined that the debt is owed and delinquent, the insurance provider should submit the documentation establishing the existence and amount of the debt to FCIC, including any response by the person.

(b) If an insurance provider or any other authorized person has evidence that a person meets any other criteria set forth in § 400.679, they must submit the evidence to FCIC.

(c) After FCIC verifies that the person has met one or more of the criteria stated in § 400.679, FCIC will issue a Notice of Ineligibility and mail such notice to the person's last known address and to the insurance provider.

(d) The Notice of Ineligibility will state the criteria upon which the determination of ineligibility has been based, a brief statement of the facts to support the determination, the time period of ineligibility, and the persons right to an appeal of the ineligibility determination.

(e) Within 30 days of receiving the Notice of Ineligibility, any person receiving such a notice may appeal the determination of ineligibility to the National Appeals Division in accordance with 7 CFR part 11.

(f) If the person appeals the determination of ineligibility to the National Appeals Division, the insurance provider will be notified and provided with an opportunity to participate in the proceeding if permitted by 7 CFR part 11.

§ 400.681 Effect of ineligibility.

(a) The period of ineligibility will be effective:

(1) For ineligibility as a result of a delinquent debt, the date the debt has been determined to be delinquent until the debt has been paid in full, discharged in bankruptcy, or the person has executed a scheduled installment payment agreement;

(2) For ineligibility as a result of a violation of the controlled substance provisions of the Food Security Act of 1985, at the beginning of the crop year in which the producer was convicted and the four subsequent consecutive crop years; and

(3) For ineligibility as a result of a disqualification under section 506(n) of the Act, the date that the Administrative Law Judge signs the order disqualifying the person until the period specified in the order of disqualification has expired.

(b) Once the person has been determined to be ineligible:

(1) All policies in which the ineligible person is the sole insured will be void for the period specified in § 400.681(a);

(2) If the ineligible person is a general partnership, all partners will be individually ineligible and any policy in which a partner has a 100 percent interest will be void for the period specified in § 400.681(a). The partnership and all partners will be removed from any policy in which they have a substantial beneficial interest, and the policyholder share under the policies will be reduced commensurate with the ineligible person's share;

(3) If the applicant or policyholder is a corporation, partnership, or other business entity, and an ineligible person has a substantial beneficial interest in the applicant or policyholder, the application may be accepted or existing policies remain in effect, although the ineligible person will be removed from the policies and the policyholder share under the policies will be reduced commensurate with the ineligible person's share;

(4) If the applicant or policyholder is a corporation, partnership, or other business entity that was created to conceal the interest of a person in the farming operation or to evade the ineligibility determination of a person

with a substantial beneficial interest in the applicant or policyholder, the corporation, partnership or other business entity will be disregarded, the individual shareholders or partners will be personally responsible, and any shareholder or partner that is ineligible will be removed from the policy and the policyholder share under the policies will be reduced commensurate with the ineligible person's share;

(5) Any indemnities or payments made on a voided policy, or on the portion of the policy reduced because of ineligibility, will be declared overpayments and must be repaid; and

(6) If the policy is voided, all producer paid premiums may be refunded, or if an ineligible person is removed from a policy, the portion of the producer paid premium commensurate with the ineligible person's share may be refunded, less a reasonable amount for expense and handling in accordance with 7 CFR 400.47.

(c) The spouse and minor children of an individual are considered to be the same as the individual for purposes of this subpart except that:

(1) The spouse who was actively engaged in farming in a separate farming operation will be a separate person with respect to that separate farming operation so long as that operation remains separate and distinct from any farming operation conducted by the other spouse (Transfers of interest in a farming operation from one spouse to another will not be considered as a separate farming operation.);

(2) A minor child who is actively engaged in farming in a separate farming operation will be a separate person with respect to that separate farming operation if:

(i) The parent or other entity in which the parent has a substantial beneficial interest does not have any interest in the minor's separate farming operation or in any production from such operation;

(ii) The minor has established and maintains a separate household from the parent;

(iii) The minor personally carries out the farming activities with respect to the minor's farming operation; and

§ 400.682

7 CFR Ch. IV (1-1-01 Edition)

(iv) The minor establishes separate accounting and record keeping for the minor's farming operation.

§ 400.682 Criteria for reinstatement of eligibility.

A person who has been determined ineligible may have eligibility reinstated as follows:

(a) A delinquent debt owed on a crop insurance policy insured or reinsured by FCIC or any delinquent debt due FCIC. Eligibility may be reinstated after the debt is paid in full or discharged in bankruptcy, or the person has executed a scheduled installment payment agreement accepted by FCIC or the insurance provider. Eligibility may be reinstated as of the date the debt is paid, the date the agreement is accepted, or the date the debt is discharged in bankruptcy.

(b) Violations of the controlled substance provisions of the Food Security Act of 1985, as amended. Eligibility may be reinstated after the period of ineligibility stated in § 400.681 has expired.

(c) Disqualification under section 506(n) of the Act. Eligibility may be reinstated when the period of disqualification determined in the administrative proceedings has expired and payment of all penalties and overpayments have been completed.

(d) Timing of reinstatement of eligibility. After eligibility has been reinstated, the person must complete a new application for crop insurance coverage on or before the applicable sales closing date. If the date of reinstatement of eligibility occurs after the applicable sales closing date for the crop year, the person may not participate until the following crop year. If the National Appeals Division determines that the person should not have been placed on the Ineligible Tracking System, reinstatement will be effective at the beginning of the crop year for which the producer was listed on the Ineligible Tracking System and the person will be entitled to all applicable benefits under the policy.

§ 400.683 Administration and maintenance.

(a) Ineligible producer data will be maintained in a system of records in

accordance with the Privacy Act, 5 U.S.C. 552a.

(1) The Ineligible Tracking System is a record of all persons who have been determined to be ineligible for participation in any program pursuant to this subpart. This system contains identifying information of the ineligible person including, but not limited to, name, address, telephone number, SSN or EIN, reason for ineligibility, and time period for ineligibility.

(2) Information in the Ineligible Tracking System may be used by Federal agencies, FCIC employees, contractors, and reinsured companies and their personnel who require such information in the performance of their duties in connection with any program administered under the Act. The information may be furnished to other users including, but not limited to, FCIC contracted agencies; credit reporting agencies and collection agencies; in response to judicial orders in the course of litigation; and other users as may be appropriate or required by law or regulation. The individual information will be made available in the form of various reports and notices produced from the Ineligible Tracking System, based on valid requests.

(3) Supporting documentation regarding the determination of ineligibility and reinstatement of eligibility will be maintained by FCIC and FSA, or its contractors, reinsured companies, and Federal and State agencies. This documentation will be maintained consistent with the electronic information contained within the Ineligible Tracking System.

(b) Information may be entered into the Ineligible Tracking System by FCIC or FSA personnel.

(c) All persons applying for or renewing crop insurance contracts issued or reinsured by FCIC will be subject to validation of their eligibility status against the Ineligible Tracking System. Applications or benefits approved and accepted are considered approved or accepted subject to review of eligibility status in accordance with this subpart.

Subpart V—Submission of Policies, Provisions of Policies and Rates of Premium

AUTHORITY: 7 U.S.C. 1506(l), 1506(p).

SOURCE: 64 FR 38542, July 19, 1999, unless otherwise noted.

§ 400.700 Basis, purpose, and applicability.

(a) The Act requires FCIC to issue regulations that establish guidelines for the submission of policies or other material to the FCIC Board under section 508(h) of the Act. These guidelines prescribe the timing, submission and approval process so that the Board may timely consider any submission for approval and, if approved, make it available for sale to producers by any approved insurance provider in the first crop year that the submission is authorized for reinsurance, subsidy, or other financial support that may be available under the Act. These guidelines also authorize FCIC and the Board to monitor the submission to ensure continued compliance with the requirements of the Act, this subpart, and changes required by the Board.

(b) These regulations apply to all applicants.

(c) An applicant may submit for consideration by the Board:

(1) Crop insurance policies that are not currently reinsured or subsidized by FCIC;

(2) Provisions of policies that may amend existing crop insurance policies that are approved by FCIC; or

(3) Rates of premiums for MPC I policies pertaining to wheat, soybeans, field corn, or any other crop authorized by the Secretary of Agriculture.

(d) A policy or other material submitted to the Board under section 508(h) of the Act may be prepared without regard to the limitations contained in the Act. Only the provisions in the Act directly relating to the terms of the insurance policy, such as coverage, premium rates, or price elections, are considered as the limitations referenced in section 508(h) of the Act.

(e) Any FCIC payment of a portion of the premium may not exceed the amount authorized under section 508(e) of the Act, and payment of administra-

tive and operating expense subsidy may not exceed the amount authorized under section 508(d).

§ 400.701 Definitions.

Act. The Federal Crop Insurance Act (7 U.S.C. 1501 *et seq.*).

A&O subsidy. The subsidy for the administrative and operating expenses authorized by the Act and paid by FCIC on behalf of the producer to the insurance provider.

Applicant. Any person who submits a policy, provisions of a policy, or premium rates to the Board for approval under section 508(h) of the Act.

Board. The Board of Directors of FCIC.

FCIC. The Federal Crop Insurance Corporation, a wholly owned government corporation within the United States Department of Agriculture.

Insurance provider. A private insurance company that has been approved by FCIC to provide crop insurance coverage under the Act.

Manager. The Manager of FCIC.

MPCI. The FCIC multiple peril crop insurance policies authorized under the Act and codified in 7 CFR chapter IV.

NASS. National Agricultural Statistics Service, an agency of the United States Department of Agriculture, or a successor agency.

Person. Any individual or legal entity possessing the capacity to contract.

Rate of premium. The dollar amount per insured unit or percentage rate per dollar of liability that is needed to pay expected losses and provide for a reasonable reserve.

Replacement program. A crop insurance program that provides coverage at least equal to that provided under the MPC I program with similar terms, conditions, and covered causes of loss approved by the Board under the authority of section 508(h) of the Act.

Revenue insurance. Plans of insurance providing protection against loss of income, which are designated as such by FCIC.

§ 400.702

7 CFR Ch. IV (1–1–01 Edition)

Risk subsidy. That portion of the FCIC approved insurance premium for the risk of loss paid by FCIC on behalf of the policyholders to the insurance provider.

Secretary. The Secretary of the United States Department of Agriculture.

Stochastic. A randomly determined sequence of observations, each of which is considered as a sample of one element for a probability distribution.

Submission. Any policy provisions, rates of premium, and related material submitted to FCIC that differs from the present MPCIC program or replacement programs or that request a material change in an existing insurance program.

Supplemental program. A submission requesting reinsurance only that provides coverage in addition to, and is written concurrently with, an MPCIC policy or a replacement program.

§ 400.702 Confidentiality of submission.

(a) A submission made to the Board under section 508(h) of the Act will be considered as confidential, commercial, or financial information for purposes of 5 U.S.C. 552(b)(4) until approved by the Board. An applicant may waive such confidentiality by advising FCIC in writing, or by releasing such information to a person or entity other than FCIC.

(b) Once a submission is approved, all information provided by the applicant to the Board, including statistical modeling and data, will be made public.

(c) Any submission disapproved by the Board will remain confidential, commercial, or financial information in accordance with 5 U.S.C. 552(b)(4).

§ 400.703 Timing of submission.

Any submission for Board review must be received not later than 240 days prior to the first sales closing date for which sales are requested for a crop to provide adequate time for review, approval, and marketing of the program. If the submission applies to more than one crop, the earliest applicable crop sales closing date controls. However, any submission received by FCIC less than 240 days prior to the

first sales closing date may be considered if all parties agree the submission can be reviewed, approved, and information disseminated to insurance providers in a timely manner without creating excessive risk and exposure to the crop insurance program or disruptions in the market place. Such a submission must meet all statutory requirements, specifically that the approved submission can be made available to all persons reinsured by FCIC in a manner permitting the persons to participate in the sales of the product in the first crop year for which it is approved by the Board for reinsurance, premium subsidy, or other support offered by the Act. Otherwise, the submission will be considered for the subsequent crop year. Since submissions vary in complexity and availability of required data, FCIC makes no assurances that approval will be given in time for sales in any crop year. In the event FCIC receives more submissions than it can process for an upcoming crop year, the date received, complexity, and completeness of the submission will determine when FCIC's review of the submission will be initiated and the crop year for which the submission is approved.

§ 400.704 Type of submission.

An applicant may submit to the Board:

(a) Policies and related material identified as one of the following types:

(1) A supplemental program;

(2) A replacement program; or

(3) Any other submission authorized under section 508(h) of the Act but not classified by paragraphs (a) and (b) of this section.

(ii) By means of a stochastic simulation of the submission that is based on the same assumptions as those used to develop the premiums or rates of premium, including sensitivity tests with regard to each assumption that demonstrates the probable impact of an erroneous assumption; or

(iii) By means of any simulation that can be proven to provide results comparable to those described in paragraphs (b)(3)(i) and (ii) of this section;

(4) Worksheets that provide the calculations in sequential order and in sufficient detail to allow verification that the premiums charged for the coverage are consistent with policy provisions (Any unique premium component must be explained in sufficient detail to determine whether the existence or amount of the premium or premium rate is appropriate); and

(5) A certification that includes, but is not limited to, an evaluation of all supporting documentation and analysis from an accredited associate or fellow of the Casualty Actuarial Society or a similar uninterested third party who did not participate in the primary development, or peer review panel or both. (ii) Examples and worksheets that provide the steps for calculating the amounts of any payment for indemnity (loss in yield or price), prevented planting payment or replant payment in sequential order and in sufficient detail to allow review and verification that the indemnity calculations are consistent with policy provisions. Any unique component must be explained in sufficient detail to determine whether the existence or amount of the claim is appropriate;

If the applicant plans to present the submission and fails to appear, or if the applicant requests FCIC to present

the submission, an FCIC representative will present the submission to the Board.

(d) The Board may consider for approval the submission for sale to producers as an additional risk management tool if:

(1) Producers interests are adequately protected;

(2) Premiums charged are actuarially appropriate;

(3) The applicant agrees to make any requested FCIC substantive changes in the submission to ensure compliance with the Act and to protect the interests of producers and the integrity of the program. FCIC will categorize recommended changes in a submission into substantive and non-substantive. (Failure of the applicant to incorporate non-substantive changes suggested by FCIC will not serve as a basis for the Board to disapprove the submission);

(4) The insurance provider's resources, procedures, and internal controls are adequate to make the product available to producers in a timely manner in the proposed market areas; and

(5) The applicant provides rates, defining each variable used in any rating formulae, forms, guidelines, standards, actuarial material, rating procedures, indemnity procedures, and related documents.

(2) Consider any resubmission as a new proposal and complete the review process at a later time; and

(3) Reserve the right to act upon an applicant's revised submission or defer action to a later time or for a subsequent crop year.

(2) A reinsurance agreement between FCIC and the applicant that specifies the amount of reinsurance coverage, risk subsidy, and A&O subsidy, as applicable.

(b) Any solicitation, sales, marketing, or advertising of the program before FCIC has made the submission and related materials available to all interested parties through its official issuance system will result in the denial of reinsurance, risk subsidy and A&O subsidy for those policies in violation of this provision.

(c) A submission approved by the Board under this subpart will be published as a notice of availability in the FEDERAL REGISTER, and be made available to all persons contracting with or reinsured by FCIC under the same terms and conditions as required of the submitting company.

§ 400.709 Review of an approved program.

(a) Responses to procedural issues, questions, problems or needed clarification regarding an approved submission shall be jointly addressed by the applicant and FCIC. All such resolutions shall be communicated to all insurance providers through FCIC's official issuance system. Any corrected material must be presented to FCIC in a format specified in § 400.705(d).

A policy that is approved by the Board for FCIC reinsurance only, or FCIC reinsurance and risk and A&O subsidies, and published in the FED-

7 CFR Ch. IV (1-1-01 Edition)

ERAL REGISTER as a notice of availability is preempted from state and local taxation. Any changes to policy provisions requested under state and local laws and regulations must be submitted to FCIC for review and Board approval.

§ 400.711 Right of review, modification, and amendment.

At any time after approval, if sufficient material, documentation or cause arises, the Board may review any approved program, request additional information, and require appropriate amendments, revisions or program changes for purposes of actuarial soundness, program integrity or protection of the interests of producers.
